

Ref: FOI2025-048

06 October 2025

Dear [REDACTED],

Further to our previous correspondence regarding your request for the following information:

*In an email sent on January 9 by AWE to me, in relation to FOI request FOI2024-064, the AWE stated: "Previously the AWE provided you with a partial list of files that had already been recorded [a list of documents tagged with keywords 'blood' and 'urine' disclosed in FOI2023-026]. This list was not created to fulfil your request but was existing recorded information that could be disclosed to you."*

*You now state the list was created to assist in handling FOI requests.*

*I would therefore like to ask for a) the date the list was created b) where the list is held c) the parameters used to produce the list d) the dates on which the list has been accessed since its creation*

*The AWE has repeatedly stated that the 150 documents detailed on the list are the ONLY documents that reference blood or urine testing, and this has since been proven to be incorrect. Therefore the list relied upon seems to be incomplete, and insufficient grounds for declarations made by AWE to ministers. Please provide, if possible, any and all information held about and connected to this list of 150 documents, as it is in the public interest to make it clear when and how it was generated, who by, and for what ends.*
